Consulting Voucher Scheme

The Voucher Scheme aims to provide Business Development Services to start-up businesses and prospective entrepreneurs to support their establishment.

With the support of GIZ ITP, ICK launches the internal call for applications for start-ups to benefit from the Consulting Voucher Scheme for consultancy services.

Purpose

The voucher will serve as financial support for specialized capacity building measures for successful startups and aspiring entrepreneurs. Through the Voucher Scheme, services will be provided to beneficiaries redeemable for tailored consulting services.

A total of 14 startups will benefit from tailored consultancies in fields of Business development; Marketing Strategies; Design; Feasibility Studies; Financial Analysis/Projections; Cybersecurity; Market Analysis; Accounting; Legal Services; Product/Service Development and other.

The Voucher Scheme mechanism will follow the process described below:

- 1) Interested companies/start-ups will complete an application form for receiving a voucher support for consultancy services, where they will outline their specific needs and why they should be a recipient of the support offered by the voucher scheme.
- 2) Applicants should complete the application by downloading the application form, signing it and delivering all the necessary documentation to the ICK Incubator Department at incubator@ickosovo.com.
- 3) The selected beneficiaries will be contacted via email.

For more detailed information, please refer to the Voucher Manual that contains all the necessary procedures, eligibility criteria and application process: [DOWNLOAD](#)
Applicants can download the application form here: [DOWNLOAD](#)

Applications are received on a rolling basis and the number of beneficiaries is limited.

For requests and queries please use incubator@ickosovo.com.

ALL APPLICATIONS MUST BE SUBMITTED IN ENGLISH.
